SO, WHAT'S THE CALL?

In a recent NFL game, the Atlanta Falcons used a legless running back named Weebles Brown. On his first run, Weebles bulldozed his way to the 22 yard line for a 1 inch gain.

Confident Weebles was tackled and the play was over, the 49ers went into their huddle.

Yet Weebles got up and 4 hours and 37 minutes later crossed the goal line.

SO, WHAT'S THE CALL? Was Weebles down on the 22 or does his TD count?

According to Rule #523+271=794 of the Football Player's Guide to Times Square (we couldn't find a rule book), a player is "down" when his knee hits the ground. Since Weebles has no knees he was never technically considered "down". Hence, the call is TOUCHDOWN!

Oh, joy. Napkin rings. What I've always wanted. Now my birthday is complete.

I hope they don't buy Andy a new toy to replace us.

If they do, I'll be thrown away and have to find a job as a handbag.

I don't care if the kid tosses me or not. My agent just signed me to a big deal with McDonald's!

And here's your last gift...

Buzz Blightyear!! Awesome!! He's got lasers and bombs and... what are these?

OH! WOW!

OH!
OH!

KLIKITY... KLAX!

The screws that keep him together.

Houston, we have a problem. I have landed on a strange planet. The aliens seem extremely hostile. One even dissected me. I will report back. Over and out!

I am Buzz Blightyear, space traveller. I come in peace. All my people want to do is **enslave your planet** and have you sew Gap clothes and manufacture General Motors cars at the fair price of **62 cents a week**. We found the Mexican wages of 73 cents a week too stifling. So, if you'll all come with me, I'll just put these manacles on you and chain you to your work stations.

PATRICK HODGES WAS HERE!

WHA?

WHATEVER

Ha ha!! He doesn't realize he's only a toy!

I'm not a toy! I'm a **space traveller!** And I can fly, too!

Let's see you fly!

This is one small step for man, one giant leap for mankind...

And one massive headache for me.

Did the bad man push you out the window? Let me kiss your head and make it better.

Don't take my helmet off, I'll decompress!

Hmm, maybe he is from another planet.

Sooty, this is all your fault! Why'd you have to be so mean to him!

I'm so mad I'd piss all over you, but I might rust!

2+2 is 13. The capital of Omaha is New Jersey...

I'm so angry I could rip you apart and eat you! Only, I'm trying to watch my figure. So I think I'll have a dinner salad instead.

Pahdners, I might've acted a tad rash, but it's mighty tough when your owner tosses you away 'cuz he likes a new toy better.

You got a quarter?

Look at Teddy Bear.

Once he was a proud toy, seen escorting all the great beauties and doing up the town...

How 'bout a dime?

Now look at him. A pathetic has-been reduced to sacking out in an old, discarded Easy Bake Oven box. And why? Because he was replaced by another doll... me!

EASY BAKE OVEN

How 'bout a button I can use for an eyeball?

Andy usually ambles on over here to Boring King. We'll find him and let him decide which one of us is his favorite.

What's that?

I love this food. I only have one problem.

CAUH ZORRIL WERE HERE

It makes me gassy.

Hey, don't I get any action figures with my "Joyful meal"?

Sure, you get these way cool action figures from the movie Sabrina!

Yuck! That's a girl movie! What else do you have?

How 'bout these action figures from *Father Of The Bride*?

Huh!?! I want action figures from cool movies like *Mortal Wombat!* Or *Ratman Forever!* Or...

We don't have any of those, but we still have some Little Women action figures left over from last year.

Eeeewwwww!!! They're not "action figures"! They don't do anything.

Sure they do. They sew, cook, cry, have meaningful conversation...

I hate meaningful conversation...

WINONA RYDER

Then you'll love these. They're not much, but at least they never have meaningful conversation.

Hmm... They're perfect for my torture chamber. Maybe I can rip their arms off and stick fire-crackers up their butts.

Houston, we have a problem...

Listen, ya little punk! That's the second time you used that line. One more time and I'm walkin'! Now let's get back to the movie.

This is terrible. Look at all these poor toys being tortured.

Kill me! For the love of God, someone kill me!

And look at that horrible mutant toy!

You think they're bad, look at us.

SID'S HOUSE OF PAIN

He's fed Baby Poopsy only rice and bananas so she's become constipated.

I haven't taken a dump in days!

And look what he did to my uniform! He washed it in hot water when I distinctly told him cold water. And the colors ran!

Now it's your turn!

And look at me! He cut my beautiful blue hair so short I'm forced to comb it over.

Why The Angel Sits At

'Twas the night before Christmas in Santa Claus Castle,
All the elves were on strike making Christmas a hassle.

They all were unhappy in Santa's employ,
Leaving Santa to shop for every last toy.

So he borrowed some
donkeys from a
farmer nearby.

But this did not
work because
donkeys don't fly.

He yanked at his beard when she softly said,
"This tree is your gift, can it go in your sled?"

Santa turned angry, his heart raced away.

He struggled for just
the right words
he would say.

"So where should I put it?" the angel inquired.
And you'll never believe what shortly transpired.

Up Our Christmas Tree

A
Christmas
Poem

WRITER: ERIC BOHLEN ARTIST: GARY FIELDS

When finished with shopping, all exhausted and frayed,
He went to the barn where his reindeer stayed.
He had to get busy and load up the sleigh,
But he found the deer sickened from a batch of bad hay.

So Santa got flustered, his head ached with pain.

He yanked at his hair and screamed, "I'm going insane!"

Just then the door opened, and he
cringed when he saw,
A small smiling angel,
just 12 inches tall.

The angel was holding a large Christmas tree.
She held it up proudly for Santa to see.

A poor choice of words... Or fate, if you please.
But it's why that small angel...

I'll borrow this chap's motorcycle.

Now all I have to do is catch that plane...

...overpower the pilot and take the controls before it crashes into the mountain. As the Yanks say, "It's a piece of crumplet".

Kill him! He seduced my daughter! And my niece, my wife and my mistress!

What did you expect? I'm Bomb James Bomb.

CASINO, MONTE CARLO, NINE YEARS LATER.

I'll take 2 cards. Uhm, a Mickey Mantle rookie card and a Cal Ripken.

The gentleman wins.

Better luck next time. By the way, my name is Bomb. James Bomb. And gambling isn't the only vice at which I excel.

I'm looking forward to meeting you again, Mr. Bomb. James Bomb. I'm Xlaxia.

You're Russian.

Very good, Mr. Bomb. James Bomb. How could you tell?

By the initials "KGB" on your handbag.

LATER. (Note: This is a different girl, after all, he is James Bomb.)

James, this is Moneydollar.

What happened to Moneypenny?

Inflation, you know. James, Xlaxia is a former KGB agent and is linked to 'anus', the Russian Crime Syndicate. She's the wrestling champion of Stalingrad, so James, do be careful if you tangle with her.

Sounds like it might be jolly fun. I've never pinned a wrestling champ.

* The correct spelling is Hanus but you know how the Brits drop their H's.

A FRENCH WARSHIP.

Ladies and gentlemen, this is the Tiger, the helicopter of the future. It is the only aircraft that is hardened against all forms of electromagnetic radiation. And even more important, its rotors double as a Cuisinart—it dices fruits and vegetables and can be cleaned in your dishwasher.

Those French think of everything.

They may be lousy fighters but they're great chefs.

Can't you get any music on the radio? An old lady talking isn't very romantic.

Sorry, James. "God save our precious queen, God save...."

Moneydollar, don't you know any other song? It's very difficult to drive and make love while standing up.

BELOW DECK.

Before you take off, I want to take something off too.

Man, the French do think of EVERYTHING!!

Yes, yes... YES!

What a way to go... GACCKKK.

Stop that chopper!

Is it being hijacked by Hanus?

No, I want to make a fruit salad. Of course it's being hijacked.

How can you tell?

I recognize the pilot's thighs.

I did it! I'm a genius!

Did you break into the American Defense Department?

No, America Sex Online.

General, what are you doing here?

This is an unscheduled test of Golden Fly.

Boy, I hate surprise quizzes.

On my count: 1 - 2 - 3...

Do you have to shoot them?

Getting squeamish, Xlaxia?

No, I wanted to kill them with my thighs.

The Golden Fly has a hole in the center. A laser beam is fired through it and that arms the satellite.

What's the target, Washington? New York?

No, it's this base. We'll make our getaway in the Tiger.

We went through all of this to destroy a Russian base? With generals like you in charge, no wonder we lost the cold war.

Uhm, electro-magnetic pulse. The Russians have the Golden Fly.

Look, there's a survivor!

She can ride on my sled anytime.

Bomb, you're a sexist dinosaur. Don't think that because I'm a woman I'd hesitate to send you to your death.

That's very reassuring, M & M.

Why do you call me M & M?

Because you're the first woman I met who didn't melt in my hands.

Do you have any new toys for me, 3Q?

I've been promoted, I am now 4Q. I think you'll like this pen, 007.

Let me guess. It fires a missile, or is it a laser beam?

No, it's a ball point pen that can actually write on greasy paper.

And these are power suspenders.

What do they do?

They hold up your trousers and they can be a formidable weapon. You simply unsnap the clips and...

And then I have this squirting flower. You ask your enemy to smell it and then you squirt him.

ST. PETERSBURG AIRPORT.

That's it? A pen, suspenders and a squirting flower?

We're having a budget crunch in Her Majesty's service, what with all the royal scandals.

I wanna hold your haaaaand...

Either you're trying to pick me up or that's some silly Brit secret password.

No, I was just singing a bit of the Beatles.

Sorry, I'm Jock Waddle, CIA. I thought you were the British agent 007 that I was supposed to meet.

A SHOPPING MALL.

Is this great or what? A shopping mall in Russia. The Ruskiies are really becoming Americanized.

What do you know about 'anus.'

What? Oh, Hanus. Nobody knows his identity. I mean, the dude could be Bruce Wayne or Clark Kent for all I know.

I am 007. Now show me some ID. I want to see your tattoo. Uhm, it was supposed to be a red rose. Why is it blue?

Because this is Russia and I'm freezing my butt off. Now can I pull up my pants?

Editor's Note: What happens next is a bunch of confusing intrigue stuff which we'll skip so we can get to the good part. Bomb and Xlaxia meet in a steam bath and she has applied her deadly Thigh Master grip on 007.

Gaspl I hate to break this up, my dear, but it's time I met your leader.

Bomb, I'm surprised at you pulling a gun, I thought you British chaps fought fairly. All right, I'll take you to Hanus.

Hello, James.

Trafalgar? You're 'anus? But you were killed on page 43.

No, I was merely scarred.

But you didn't have to join the enemy. You could have had plastic surgery.

That wasn't covered by our medical plan.

I was always a better man than you, James. But you were 007 and I was merely 006. There have been fifteen 007 movies but not one 006 flick. Prepare to die, Bomb. James Bomb.

I recognize you! You're the girl who escaped from Johnseverinya in the dog sled. Where are we?

We're in a helicopter and 2 missiles are heading toward us.

Uhm, we only have a few seconds, not enough time to make love. I'll have to give you a rain check.

I wonder if this counts on my frequent flyer miles.

RUSSIAN MILITARY INTELLIGENCE HQ.

Mr. Bomb, James Bomb, I am Defense Minister Tushkin. You are a captured English spy. Where is the Golden Fly?

The only fly I have is on my trousers. It is quite valuable but I'm afraid it isn't golden, though some ladies might say otherwise.

It was Gen. Pourvodka. He set off the weapon and stole the Golden Fly.

I used your gun to kill the minister, Bomb.

Ah yes, the old Bomb-killed-him-and-was-shot-trying-to-escape maneuver. Very clever, General. But I have some other toys at my disposal. Here, smell my flower.

Surely you don't think I'd fall for that ancient trick?

How about this, 4Q's power suspenders. If you don't mind, I'll borrow one of your tanks to make my escape. TANKS a lot, General.

ST. PETERSBURG RAILROAD TERMINAL.

Bomb escaped in the tank but we still have his girlfriend.

Pardon me, boy, is that the Moscow choo-choo? YAHHI!

Why did you shoot him?

He called me "boy".

We're becoming more like the Americans every day.

We're becoming
more like the
Americans every
day.

Look, it's Bomb and his tank.
He's going to derail us.

All right, James, you want to
play chicken, you're on.
Engineer, full speed ahead.

Bond bailed, I win!

KERASS HHHH!!!

I'm getting out of here.

That's too much weight. That chopper will explode.

RRRRRIIIIP

Lower me, you idiot.

She has the Thigh Master on that tree.

KABOOOMM!!

YES! YES! YAHHH!

YES! YES! YAHHH!

COMPUTER CONTROL COMPLEX.

I inserted the Golden Fly. The missile is armed and headed toward London. I never could stand the stupid hats the Queen wears.

No, you can't bomb London.

Since when did you become a limey lover.

All our money is in the Bank of England.

Transfer it.

MOTT INC.

Something's wrong. Fatalya must have changed the code. The missile will fall into the sea.

Can't you fix it?

Of course, I'm a genius! I found the ultra-secret 300th level of Donkey Kong. She never got out of the first level.

Get that missile back on track and transfer the money. I'm going to kill Bomb.

James, this is ridiculous. We're both crack shots, so how come we keep missing each other?

Because it would be more exciting if we settled this hand-to-hand. I challenge you to a ladder match.

Have a nice trip, old chum.

Look, the complex just blew up.

Yes, there seems to be a lot of that going around.

Yo, Jimbo, I bring some folks to see you.

It's a little late to bring in the Marines.

These ain't Marines, they're mothers.

And you're the father. This is your son, you bum.

You're behind on your child support payments.

It wasn't me. It was those other chaps: Connery, Moore, Dalton, Lazenby. Fatalya, I'm innocent.

Forget it, Bomb. James Bomb.
